

MANDATORY Tdap VACCINATION REQUIRED FOR ENTRANCE INTO 7TH GRADE

June, 2014

ATTENTION ALL PARENTS/GUARDIANS OF INCOMING 7TH GRADERS:

State Law now requires that all incoming 7th graders must have the Tdap vaccine before entering 7th grade. Proper documentation of having received the Tdap vaccination must be to me by the first week of school this coming fall. If documentation is not provided, your child will be excluded starting the 15th day of school. Your doctor may fax it to me at 440-729-5909.

Have a happy and healthy summer break.
